

ZYGMAT OHLMAN

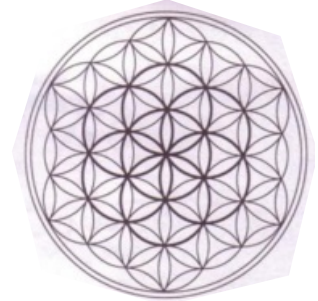

PETRATAL OHLMAN

FIRST CROP CIRCLE: "ZYGMAT" planetary magnetic energy grids...notice how the flux lines converge INWARD toward at the poles.

SECOND CROP CIRCLE: "PETRATAL" centralization of planetary magnetic energy in a LOVE-LOTUS at the center of the planet and radiating outward.

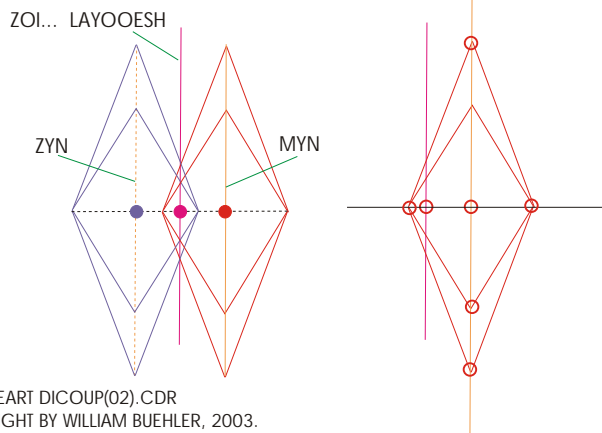

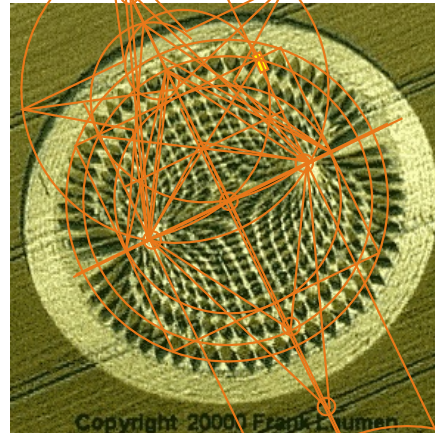

The second comes out of the first...through the dynamic of LOVE (as an operative of the Messianic Grid).

OBSERVATIONS:

1. THE "PETRATAL" ALSO MODELS THE "FLOWER OF LIFE" PATTERN.
2. THE TWO POLES OF THE "ZYGMAT" MAY COINCIDE WITH THE THREE SETS OF COUPLETS IN THE "PETRATAL" FORM.
3. APPLICATION DECIDED UPON: USE THE DIONE COUPLET SYSTEM WITH BOTH OHLMANS.
 - A. USE THE PTAH HOLD FORMAT WITH THE PILLAR POLE IN THE CENTER AND ACTUALIZATION POLE IN THE OUTER CIRCLE. (THE CENTRAL PILLAR-POLE SERVICES ALL RADIALS.) APPLY TO THE PETRATAL FORM.
 - B. THE EFFECT WOULD BE THE CREATION OF SIX ZYGMAT SYSTEMS EACH USING THE RESHEL WITH MALE AND FEMALE HALVES.
