

TEMPLE OF THE SOLAR CROSS, GIZA PLATEAU

This temple is in the Tsadey pole (apex of the Pyramid) of the Reshel grid of the Plateau, where the Sphinx is in the Resh pole.

1984: Temple door at left, eastern side of temple.

1982: Back of the temple, north side.

1982: Door of the temple on south side; shows the pit near the door. Brickwork and upper edge of the pit is modern reconstruction.
