

FIG. 30. IDEALIZED REPRESENTATION OF THE "FREE-RUNNING" CYCLE OF ACTIVITY OF A PLANT OR ANIMAL (ORGANISM) LEFT IN CONTINUOUS DARKNESS. IN THE ABSENCE OF THE LIGHT "TRIGGER" OF THE SUN, THE PLANT OR ORGANISM WILL TAKE UP A RHYTHM UNIQUELY ITS OWN. WE SUGGEST THAT THE PERIOD THAT IS A MEAN BETWEEN ALL THE EXTREMES FOR ALL PLANTS AND ANIMALS WILL APPROXIMATE TO THE COSMIC DAY OF 24 HOURS, 20 MINUTES AND 36 SECONDS. THE BIOLOGIST HAS BEEN CAUSED TO ADOPT THE TERM "CIRCADIAN" MEANING "ROUND ABOUT A DAY" BECAUSE OF AN IGNORANCE OF THE REAL AND CONSTANT BASE OF THE TIME UNIT. THE BIOLOGICAL AND OTHER PHYSICAL RHYTHMS DO VARY IN RESPONSE TO THE LUNAR POSITION AND ITS CORRELATE WITH THE SOLAR POSITION. BUT UNDERNEATH THE PHENOMENAL MANIFESTATION OF RHYTHMS WHICH PRECESS AND RETARD IN PERIODICITY, THERE SHALL BE FOUND THE COSMIC BASE OF 24 HOURS, 20 MINUTES AND 36 SECONDS.

NOTE: WHEN ASKED ABOUT THE SOCKETS PARALLELING THE HUMAN BIORHYTHMS, THOTH/MAIA HAS EXPANDED THIS IDEA (PARAPHRASED) TO INCLUDE A CORRELATION WITH A COSMIC LIFECYCLE DUPLICATING THE PYRAMIDS' SOCKET VALUES. REGARDING THE 4 HUMAN BIORHYTHMS HE NOTED THAT THE PYRAMID'S APEX USES A "50" VIBRATION/FUNCTION. ("50" AS THE HEBREW LETTER NUWN, DRAWN AS A SERPENT, MEANS "PERPETUAL PROPAGATION." (WSB)

CREDIT: THE PYRAMID INFO IS FROM "VOICES IN STONE" BY BERNARD I. PIETSCH, 1973 (WITH PERMISSION ON THE CONDITION IT WOULD BE USED FOR "SCIENTIFIC PURPOSE".) I HAVE ADDED MY OWN NOTES IDENTIFIED AS "WSB"; THE REST IS MR. PIETSCH'S.
